

# **M** | NEURAL ENGINEERING TRAINING PROGRAM

## **Application Coversheet**

**Student Name:**

**Student Department:**

**Student Advisor:**

Please Use Check Boxes Below to List Documents Submitted with This Coversheet:

Cover letter describing interest in the program and research accomplishments.  
Two page limit.

Current Rackham Transcript. (Does not need to be official transcript)

Curriculum Vitae (C.V.)

A letter of support from the student's thesis adviser or another faculty member.

Check here if supporting letter is arriving separately. It is the responsibility of the student to ensure that the letter arrives by the posted deadline.

Please answer the following questions:

1. Have you been supported by another training grant while at UM? If so, please name.
2. Have you received other fellowships? If so, please indicate.
3. When did you advance to PhD Candidate, or when do you plan to take your qualifying exam?

Confirm you have completed the following pre-requisite coursework. If you have not taken these courses, please indicate when you will enroll.

- PIBS 503 Responsible Conduct of Research
- PIBS 504 Rigor, Reproducibility, and Transparency
- BME 599.010 Current Topics in Neuromodulation (offered in Winter semester)
- Graduate level Statistics (list the course name)
- Confirm that you will enroll in Pharma 647 Introduction to Clinical Trials
